## **ORGANIZING COMMITTEE AND RACE PRESENTATION**

The event is organized by CMOutdoor ASD , the society that since 2015 manages the INTERNAZIONALI D'ITALIA SERIES circuit, in collaboration with a.s.d. Jack Pro Rider.

Joining the forces of many different teams to raise up the level of the event is the leitmotif of the project "Rive Degli Angeli XCO", the third stage of "Internazionali d'Italia Series 2024" circuit.

CM Outdoor found in Nervesa della Battaglia Municipality a great partner to work with to create an international XCO event to introduce the territory to the best world MTB athletes and bike enthusiasts.

On Sunday 4th March, at the international race "Rive Degli Angeli XCO" patronized by UCI (*Union Cycliste Internationale*) e FCI (Federazione Ciclistica Italiana), are expected athletes from over twenty different world countries.

## **LOCATION**

Nervesa della Battaglia is a small village 20 km far from Treviso and 50 far from Venice. It is located on the easternmost slopes of the Montello hill, at an altitude of 78 m above sea level.

It is bordered to the east by the Piave river, which begins its course in the Venetian plain at this point, after crossing the Quartier del Piave.

The place is characterized by the mild mediterranean climate that allows enjoyment for the whole year long and the ancient trails used in the past by the people to move across the region and now used by lovers of outdoor sport.

In Nervesa della Battaglia and throughout Montello is possible to spend time in outdoor activities such as trekking and cycling immersed in wooded areas of beech and chestnut trees and olive groves and, at the same time, enjoy the beauties of the territory, rich in history, culture and food and wine traditions. Mountain bike enthusiasts can perform in more than 200 kilometres of enduro, downhill and cross-country trail.

The race circuit is completely placed in the natural park "Riva degli Angeli Bosco del Montello" and characterized by a mix of dirt sections, tree trunks and natural jumps which make it an international level track.

## **HOTEL, ACCOMODATIONS**

The region where Nervesa della Battaglia is located it's oriented to the tourism.

The teams will find plenty of structures where to book and they could choose in between different types of accommodations in the surroundings.
